ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Petersburg Redevelopment and Housing Authority (Authority) has prepared its annual plan of action to complement both existing activities and to prepare to implement the new initiatives outlined in the 5 Year Plan and the mission statement of the Authority.

Certain of these activities involve the collection, inspection, revision and submission of the Authority's various policies, approaches and procedures to make for a more open and efficient operation.

The Authority will continue with its capital improvement program modernizing its elderly and family facilities, and will be promoting the development of affordable housing. The Cedar Lawn HOPE I program is near completion with most of the units sold, under contract, or occupied by Lease/Purchase tenants. This program has helped over 40 income qualified families, to date, become homeowners. The air conditioning of the Pin Oaks development has been put on hold. A study is currently being prepared to determine the most appropriate way to revitalize this community. This study is projected to be completed during the fourth quarter of 2008.

In areas of resident initiatives, the Authority will continue to work closely with existing resident councils to make conditions better in the developments. The Family Self-Sufficiency Program will be continued encouraging residents to become productive members of the community.

The Authority is working closely with the City of Petersburg to use its resources to pursue additional initiatives that will accrue to the benefit of the businesses and residents of the City. These initiatives will be continuously evolving and ongoing.

Petersburg Redevelopment and Housing Authority Deconcentration Policy

The Petersburg Redevelopment and Housing Authority has committed to the economic uplift of its current and future residents for its primary deconcentration policy. The policy will be conducted at all the family housing complexes and will consist of numerous and frequent contacts utilizing housing managers and Human Resources Coordinators, offering opportunities and incentives to encourage residents to increase their incomes, find new more rewarding positions, gain greater educational and vocational skills, and otherwise take advantage of existing programs to attain upward mobility.

The PRHA is dealing with concentrations of poverty in an active manner aiding the residents of the family properties to achieve greater income and thereby individually break the cycle of poverty.

Petersburg Redevelopment and Housing Authority Section 8 Homeownership Capacity Statement

The Petersburg Redevelopment and Housing Authority (PRHA) has established for its Section 8 Homeownership Program a minimum down payment requirement of at least 3% with 1% of such down payment coming from the participant's resources.

PRHA shall set aside ten vouchers from its HUD allocation for homeownership and demonstrate the capacity to administer the program by satisfying one of the following criteria:

PRHA shall require that financing for the purchase of a home through its Section 8 Homeownership Program:

- 1. Be provided by any lender insured or guaranteed by the State or Federal government:
- 2. Comply with secondary mortgage market underwriting requirements;
- 3. Comply with generally accepted private sector underwriting standards.

The Petersburg Redevelopment and Housing Authority has operated Homeownership Programs since 1997. The program is designed for first-time homebuyers. PRHA has sold over 100 homes (single-family and townhomes) to income qualified families.

Voluntary Conversion Initial Assessment

The Petersburg Redevelopment and Housing Authority has conducted an initial assessment of its properties for conversion of these public housing units to tenant-based assistance and the results are as follows.

The Authority has three developments of which one is designated as elderly and near elderly, Sycamore Towers, VA020000102 and is exempt from the initial assessment.

The other two development are Pin Oaks, VA020000103, which contains 150 units and is located in an area which is presently under consideration for redevelopment.

Pecan Acres, VA020000101 consists of 160 units, 10 of which are in a separate neighborhood on North Valor Drive.

All other Authority units are already included in its various homeownership programs and are, as a result, exempt.

Definition of "Substantial Deviation" and "Significant Amendment or Modification"

The Petersburg Redevelopment and Housing Authority defines the terms "Substantial Deviation" and "Significant Amendment or Modification" by stating the basic criteria for such definitions in the annual plan that has met full public process and review. The PRHA will consider the following actions to be significant amendments or modifications:

- Changes to rent or admissions policies or organization of the waiting list;
- Additions of non-emergency work items (items not included in the current annual Statement or 5-Year Action Plan) or change in use of replacement reserve funds under the Capital Fund and;
- Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

An exception for this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements and such changes will not be considered significant amendments by HUD.

Description of Implementation of Community Service Requirement

Residents who do not meet any of the criteria for an exemption are required to complete a Certification of Compliance form, given a copy of our Community Service Policy and list of service providers. During the twelve month period of their lease, participants are scheduled to meet with the Housing Manager at the site on a quarterly basis. During the interim review the staff person reviews status and discusses accomplishments and barriers. A final review is scheduled at least 30 days prior to annual lease review, a service completion form or a non-compliance form is signed at this time.

Petersburg Redevelopment and Housing Authority Project Based Housing Choice Vouchers

In accordance with HUD regulations as detailed in the Code of Federal Regulations 983 and others by reference and the Federal Register notice dated 01/16/2001, the Petersburg Redevelopment and Housing Authority can designate 20% of the Housing Choice Voucher stock to project-based assistance.

Under the tenant-based housing choice voucher program, the public housing authority (PHA) issues an eligible family a voucher and the family selects a unit of its choice. If the family moves out of the unit, the contract with the owner ends and the family can move with continued assistance to another unit.

Under the project-based voucher assistance program, a PHA enters into an assistance contract with the owner for specified units and for a specified term. The PHA refers families from its waiting list to fill units if they are vacant. Because the assistance is tied to the unit, a family who moves from the project-based unit does not have any right to continued housing assistance. However, they may be eligible for a tenant-based voucher when one becomes available.

In order to bring Wythe Row's (a tax credit property) two bedroom rents to rent reasonableness levels with market comparable two bedroom units and rents with the Richmond-Petersburg Metropolitan Statistical Area (MSA), project-based vouchers can be considered with minimal impact upon the residents for the rent adjustments. Funding for the vouchers is disbursed from the existing Annual Contributions Contract for housing choice vouchers. The residents would receive assisted housing assistance for affordable housing.

VIOLENCE AGAINST WOMEN ACT POLICY

On January 5, 2006, President George W. Bush signed into law the Violence Against Women and Department of Justice Reauthorization Act of 2005 ("VAWA") which served to amend, among other things, the United States Housing Act of 1937 ("U.S. Housing Act"), the federal statute governing the manner in which the Petersburg Redevelopment and Housing Authority ("PRHA") operates its public and section 8 assisted housing programs. VAWA was promulgated in an effort to deter landlord's from taking adverse action against victims of domestic violence who, too often, are evicted from or denied opportunities to reside in decent, safe and affordable housing as a direct result of being the target of domestic violence or related crimes.

Under VAWA, PRHA is prohibited from denying or terminating housing assistance to victims of domestic violence, dating violence and stalking. Landlords participating in PRHA's housing choice voucher program are also governed by these same restrictions when selecting tenants and/or terminating their leases. The policy prescribed herein is aimed at insuring PRHA's compliance with VAWA in the operation of its public housing program and in the implementation and enforcement of the rules governing the landlords who participate in PRHA's housing choice voucher program.

Statement of Goals

PRHA endeavors to provide decent, safe and affordable housing to all persons qualifying for assistance under the participant selection criteria for its subsidized housing programs and is acutely aware of the need to insure that this assistance is made readily available to both child and adult victims of domestic violence, dating violence and stalking. To wit, PRHA welcomes opportunities to collaborate with federal, state and local agencies serving the needs of these victims and will continue to work independently to maintain suitable housing for domestic violence victims and enhance victim safety in assisted families through the implementation of the policy provisions set forth herein.

Policy Implementation and Preemption

PRHA will effectuate the intent and purpose of this VAWA policy through the implementation and enforcement of its public housing dwelling lease, Admission and Continued Occupancy Policies ("ACOP") and Administrative Plan, all of which shall be construed in a manner consistent herewith. Moreover, this policy shall control to the extent that it conflicts with any provision under PRHA's public housing dwelling lease, ACOP or Administrative Plan.

PRHA recognizes that the VAWA amendments to the U.S. Housing Act upon which this policy is predicated shall not supersede any federal, state or local law that provide greater protections to victims of domestic violence, dating violence or stalking.

Policy Definitions

The following definitions shall apply to this Policy in comport with the VAWA amendments to the U.S. Housing Act.

- **Dating Violence** shall mean violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based upon a consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.
- **Domestic Violence** shall include any felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of Virginia, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Virginia.
- **Immediate Family Member** shall mean a spouse, parent, sibling, or child of a PRHA housing program participant, or an individual for whom the program participant functions as a substitute parent (e.g. foster parent or guardian) or any other person living in the household of the program participant and related to them by blood or marriage.
- Stalking shall mean to follow, pursue or repeatedly commit acts with the intent to kill, injure, harass or intimidate the victim or to place the victim under surveillance with the intent to kill, injure, harass or intimidate them, and in the course of, or as a result of such action, places the victim in reasonable fear of death, serious bodily injury or substantial emotional harm to themselves, a member of their immediate family or their spouse or intimate partner.
- **Victim** is a person who is the victim of domestic violence, dating violence or stalking as these terms are defined herein or otherwise by applicable federal law and who has timely fulfilled the certification requirements specified herein to verify the occurrence of any such activity.

Denying Program Admission and Assistance

As alluded to above, VAWA enacted virtually identical amendments to sections 6 and 8 of the U.S. Housing Act which govern PRHA's public housing and housing choice voucher programs respectively. Accordingly, the parameters set forth herein for denying program admission and terminating housing assistance apply equally to PRHA as owner and manager of its three (3) public housing developments and as administrator of its housing choice voucher program. Under

VAWA, neither PRHA nor any landlords participating in PRHA's housing choice voucher program shall:

- deny an otherwise qualified housing program applicant or participant admission or assistance based on the fact that the applicant or participant is or has been a victim of domestic violence, dating violence or stalking;
- consider an incident or incidents of actual or threatened domestic violence, dating violence or stalking as a serious or repeated lease violation by a program participant who is the victim or threatened victim of such violence or determine that such action constitutes good cause for terminating the assistance, tenancy or occupancy rights of any program participant who is the victim or threatened victim of such violence;
- terminate assistance, tenancy or occupancy rights of any program participant on the grounds that the participant, their household members, guests or anyone under their control engaged in criminal activity directly relating to domestic violence, dating violence or stalking if the program participant or a member of their immediate family member is the victim or threatened victim of such violence; or
- prevent a program participant who is or has been the victim of domestic violence, dating violence or stalking from receiving a housing choice voucher from another public housing agency and moving to another jurisdiction if the participant has complied with all other obligations under PRHA's housing choice voucher program, reasonably believes that they are imminently threatened by harm from further violence if they remain in their housing unit and desires to move out of said unit in order to protect their health or safety.

Notwithstanding any of the foregoing prohibitions regarding the denial and/or termination of program assistance, PRHA and the landlords participating in PRHA's housing choice voucher program may:

- evict, remove, or terminate assistance to anyone lawfully occupying a housing unit who engages in criminal acts of physical violence against family members or other unit occupants, without evicting, removing, terminating assistance to, or otherwise penalizing the family members or unit occupants who are the victim of such violence.
- honor court orders addressing rights of access to or control over a housing unit, including civil protection orders issued to protect a victim of violence and address the distribution or possession of property among household members in cases where the family breaks up;
- evict or terminate a program participant's assistance for any violation of the lease that is not premised on any act of violence against the participant or a member of the participant's household, provided that PRHA or any landlord participating in its housing choice voucher program does not subject a program participant who has been a victim of

- domestic violence, dating violence or stalking to a more demanding standard than other participants in determining whether to evict or terminate housing assistance¹; or
- evict or terminate a program participant's assistance if PRHA or any landlord participating in PRHA's housing choice voucher program can demonstrate an actual and imminent threat to other tenants or those employed at or providing service to the property in which the program participant resides.

Victim Self-Preservation

Persons receiving assistance through PRHA's public housing and housing choice voucher programs who are victims of domestic violence, dating violence or stalking must fulfill the same duties and obligations under their respective leases as do their counterparts who have not been victimized by such violence. All program participants must take responsibility for themselves and exercise control over their respective households in order to continue qualifying for the receipt of housing assistance. PRHA, however, fully recognizes that there is an acute need for providing additional support to participant families who have been victimized by domestic violence or similar crimes, and as a result, may refer a family or an affected family member to a local victim support service provider to help break the cycle of violent behavior through counseling and the development of a safety strategy.

Adherence to a developed safety strategy, if any, and/or the undertaking of appropriate action to prevent further episodes of violence within the household (e.g., retaining and enforcing a restraining or "no contact" order, cooperating with investigative authorities and barring a perpetrator from a leased unit or PRHA owned property) are critical to preserving a program participant's health and safety. Failure to undertake reasonable measures to stem further violence within the household may provide PRHA and any landlord participating in PRHA's housing choice voucher program with good cause to deny or terminate assistance.

Certification and Confidentiality Requirements

PRHA and/or any participating landlord in PRHA's housing choice voucher program may request that a program participant claiming to be a victim of domestic violence, dating violence or stalking complete a HUD-approved certification form verifying the occurrence of the incident(s) in question and providing the name of the alleged perpetrator as well as any other pertinent information to assist with identifying and/or locating said perpetrator.

¹ There may be instances in which program assistance is rightfully terminated for reasons indirectly related to an act of violence towards a program participant or their immediate family member such as termination for non-payment of repair charges resulting from damage to a housing unit caused by a violent perpetrator. Under these and similar circumstances, PRHA will endeavor to uniformly enforce its rules and regulations governing continued program participation without imposing heightened scrutiny on anyone solely because of their abuse status.

A program participant may satisfy the certification requirement prescribed herein by providing the requesting party with: (1) documentation signed by an employee, agent or volunteer of a victim service provider, an attorney, or a healthcare provider, from whom the participant has sought assistance in addressing domestic violence, sexual assault, stalking or the effects of such abuse, provided that the professional with whom the participant has consulted attests under penalty of perjury that they believe the incident in question to be a bona fide incident of domestic violence, dating violence or stalking and the participant signs or attests to the veracity of the documentation executed by the professional; or (2) a federal, state, tribal, territorial or local police or court record.

PRHA and/or any participating landlord in PRHA's housing choice voucher program may terminate a program participant's lease or housing assistance if the participant fails to provide the requisite certification within fourteen (14) business days after the certification has been requested in writing, provided that the PRHA and/or any participating landlord under PRHA's housing choice voucher program may extend the fourteen (14) day deadline at their discretion for good cause shown.

All information provided to PRHA or any participating landlord in PRHA's housing choice voucher program following a certification request shall be retained in confidence and will not be entered into any shared database or provided to any related entity except to the extent that disclosure is requested or consented to by the affected program participant in writing, is required for use in an eviction proceeding or is otherwise required by applicable law.

Notification Requirements

PRHA will notify its housing program participants of the obligation imposed upon PRHA and landlords participating in PRHA's housing choice voucher program to maintain the confidentiality of information requested as part of the certification process to verify the occurrence of domestic violence, dating violence or stalking. PRHA will also notify program participants of the appropriate basis for the denial of program admission and housing assistance in accordance with this policy.

Policy Amendments

PRHA's Executive Director may amend this policy when he deems such action reasonably necessary to insure PRHA's compliance with applicable law or effectuate the intent and purpose of the policy and/or the VAWA amendments to the U.S. Housing Act. Any amendment of this policy is subject to the approval of PRHA's Board of Commissioners.
